PROFESSIONAL SUMMARY

B.Sc. Computer Science with Data Science student (CGPA 8.2) with hands-on experience in Python, SQL and Flask application development, including data validation, testing and debugging. Comfortable with troubleshooting, bug reporting and structured problem-solving, with working knowledge of SDLC, STLC and incident handling concepts. Seeking an entry-level Technical Support / Application Support / Testing role at Cognizant to apply technical skills in a real support environment.

TECHNICAL SKILLS

- **Programming:** Python, Java, R
- **Databases:** SQL (joins, queries, stored functions)
- **Testing & Support:** Manual testing, functional testing, test case writing, bug reporting and bug life cycle, SDLC and STLC, incident management, ITIL fundamentals, troubleshooting
- **IT Fundamentals:** Operating system concepts, computer networks, TCP/IP, DNS, DHCP
- **Data Tools:** Microsoft Excel, Power BI, Tableau, data cleaning, data validation
- **Web:** HTML, CSS, JavaScript, Flask
- **Other:** Unreal Engine, AI tools

PROJECTS

DataTrust – Data Quality Checker | Python, Flask, Pandas, NumPy, Scikit-learn, HTML, CSS, JavaScript

- Built a web application where users upload CSV and Excel files and get an automatic data quality report.
- Implemented validation rules, anomaly detection and automated data cleaning to find missing, duplicate and invalid records.
- Tested and debugged upload handling, validation logic and error messages across different file types and edge cases.
- Added visual analytics so non-technical users can understand data issues quickly.

Web Development Mini Projects | HTML, CSS, JavaScript

- Built a personal portfolio, a business enquiry website and a club event website with responsive layouts.
- Checked pages across screen sizes and fixed layout and form issues before delivery.

EXPERIENCE

Rice Research Centre – Statistical Analysis & Data Interpretation

- Analysed research data using statistical methods including Two-Way ANOVA and interpreted the results.
- Cleaned and validated records to keep the analysis accurate.

EDUCATION

B.Sc. Computer Science with Data Science – Prince Shri Venkateshwara Arts and Science College, Chennai | 2024 – Present

CGPA 8.2 (82.1% up to 4th semester)

HSC – Sri Ramakrishna Matriculation Higher Secondary School, Tambaram | 2023 | 70.3%

SSLC – Sri Ramakrishna Matriculation Higher Secondary School, Tambaram | 2020 | 70.2%

CERTIFICATIONS

- Deloitte – Data Analytics Job Simulation (Sep 2026)
- Forage – Data Visualization: Empowering Business with Effective Insights (Sep 2026)
- IBM Developer Skills Network – Data Visualization in Python & SQL Database (Sep 2026)
- Data Analytics Internship Certificate, AI/ML (Jun 2026)
- Advanced SQL: Programming Constructs & Stored Functions (May 2026)
- Business Analytics with Excel – Beginner (May 2026)
- Oracle Cloud Infrastructure 2025 – Certified AI Foundations Associate
- Introduction to Data Analytics (Nov 2025)
- Introduction to Python (Nov 2025)

ACHIEVEMENTS & ACTIVITIES

- Active in NSS community service and awareness programmes.
- Team coordination and communication through the Art Republic Club.
- Interests: graphic design, drawing, photography, chess, music.
- **Languages:** Tamil, English
